2019 Journal Citation Reports

First time list

Every journal has a story to tell

About the Journal Citation Reports

Each year, millions of scholarly works are published containing tens of millions of citations. Each citation is a meaningful connection created by the research community in the process of describing their research. The journals they use are the journals they value. *Journal Citation Reports* aggregates citations to our selected core of journals, allowing this vast network of scholarship to tell its story.

*Journal Citation Report*s provides journal intelligence that highlights the value and contribution of a journal through a rich array of transparent data, metrics and analysis.

About Web of Science Group

Web of Science Group, a Clarivate Analytics company, organizes the world's research information to enable academia, corporations, publishers and governments to accelerate the pace of research. It is powered by *Web of Science* – the world's largest publisher-neutral citation index and research intelligence platform. Its many well-known brands also include *Converis*, *EndNote*, *Kopernio*, *Publons*, *ScholarOne* and the *Institute for Scientific Information (ISI)*. The 'university' of Web of Science Group, ISI maintains the knowledge corpus upon which the index and related information and analytical content and services are built; it disseminates that knowledge externally through events, conferences and publications and it carries out research to sustain, extend and improve the knowledge base. For more information, please visit webofsciencegroup.com.
